TELEPHONE PLANT SOLD BY RECEIVER

Omaha, Neb., July 2.—The Independent Telephone company's plant (automotive) in Omaha, was sold at a receiver's sale yesterday for \$295,000. The Nebraska Telephone company (Bell) being the purchaser. The plant has been in operation six years and was bonded for \$2,400,000. Los Angeles and Portland capitalists are the bondholders. They will realize about 25 percent on their holdings. The Independent company has a floating indebtedness including receiver's certificates of \$400,000, about \$300,000 of which is a preferred claim. The purchaser will take control, but local officials could not say whether the plant would be operated independently of the local Bell system.

FIGHTING FOURTH NOW AT HUACHUCA

In Douglas Maj. Dugan Receives Promotion to Lieutenant Colonel.

Douglas, Ariz., July 2.—The squadron of the fourth cavalry, consisting of troops A, B, C and D, and band, which arrived in this city Thursday noon on the march from El Paso to Fort Huachuca, has left Douglas for the fort. The squadron was under the command of Capt. Clark, who was promoted to Maj. Dugan being taken suddenly ill Friday evening. He was removed to the C. & S. hospital, where his case was diagnosed as one of acute stomach trouble. It is thought he will be able to join his command within a few days. Maj. Dugan received his promotion from Washington from major to lieutenant colonel. No notice has been received of his transfer from the fighting fourth, but it is thought that he will be detailed for other duty on account of his familiarity with the cavalry service as a whole.

Troops L and M of the fourth cavalry from Fort Huachuca, under the command of Maj. Guy V. Preston, arrived in Douglas Monday. Maj. Preston will return to the fort Wednesday with troops E and F, which have been stationed in Douglas for the past 90 days, leaving Capt. Lindsey in command of the detachment located in this city. Because he was feeling inclined to gaiety and could not help exhibiting his physical strength, Capt. Wiley, one of the most popular young men in Wilcox was shot and instantly killed in a Wilcox saloon. Martin, who was taken into custody and is now in jail at Tombstone, charged with killing Wiley.

Wiley had been in the habit of playing in a rough and tumble manner with Bennett. It is stated, Wednesday was passing by the Wilcox saloon in which Bennett was employed as bartender. The two had frequently scuffled in a friendly manner. Wiley went in and catching Bennett up in his arms as if he had been in infant, carried him outside and deposited him in a chair. Bennett, apparently not angry, rose from the chair and ran inside the building. Wiley followed and, it is claimed, attempted to catch Bennett to repeat the performance. As he attempted to go behind the bar Bennett, it is said, drew a revolver and shot him through the heart. Wiley died instantly.

Although boasting and advertising the Borderland route and Sulphur Springs valley particularly, the maps and packets of triole beans sent out by the chamber of commerce, in hundreds of lots are doing much for the community as a whole. Up to date more than 300 copies of the route map, advertising Douglas as a city and a number of individual businesses beside, have been mailed to all portions of the United States.

A. W. Flickenger, has closed one of the largest real estate deals that has been made in Douglas for many months, selling the Goldman block on G avenue, which belongs to Ben Goldman, to the local Masonic lodge. This is one of the finest blocks in town and was built by Mr. Goldman five or six years ago.

RAIN AT PLATEAU. Plateau, Texas, July 2.—A good rain fell in this vicinity last week. Almost all the tanks near here are full. Mr. Sells, who has left for Van Horn, en route to El Paso.

Howard Rowley visited two days in Toyahvale. R. E. Howell came in from New Mexico with a bunch of mares and expects to locate here. Mr. Sells, who has been relieving W. C. Driggers as section foreman, has been transferred to Boracho. Mrs. E. L. Jones has been sick for a week. Mrs. J. H. Rowley has been on the sick list for the past few days. Mr. Fite, from Kent, is working here as section foreman.

DEVELOPMENT

BIG DEVELOPMENT FOR PECOS FIELD

New \$600,000 Company Buys Property and Starts Irrigation Scheme.

Pecos, Tex., July 2.—The Mountcastle Land and Irrigation company of Pecos, Port Worth and Chicago, has been incorporated at Austin, Texas, the capital stock being \$600,000, making the new concern one of the largest to enter the Pecos irrigated field. The incorporators are G. C. Mountcastle and R. L. Merrill, of Port Worth, and Sol Meyer, of Denver, Colo. The three named together with Emanuel E. Edwards, Walter S. Rosenbaum, Fred Chishman and A. R. Frank, all of Chicago, Ill., make up the board of directors. Joseph Rosenbaum is the heaviest stockholder, holding \$250,000 of the stock, but is not a member of the directorate.

This is the biggest piece of irrigation development to occur in many months in the Pecos field. Recently the company purchased the entire holdings of the Clifton Orchard and Vine Co., located near Toyahvale terminus of the Pecos Valley Southern railroad. Work has already started developing the projected water supply. Sol Meyer, of Denver, one of the incorporators and the man who is slated for the general management of the corporation, arrived in Pecos this week and left immediately for Toyahvale. Henry Gerhase, resident engineer of the corporation, arrived in Pecos Saturday. He stated the first work would be to perfect the present available water supply, and to this end the workmen have already started work grubbing the willow trees near the banks of the creek and springs acquired by the company. Borings have been started to determine the extent of the shallow water in the vicinity of the headwaters. A huge dredge pump has been purchased and a boat is being built to accommodate it. A 50-horse power gasoline engine has been ordered for power purposes. The company expects to greatly enlarge the present water supply and to carry on a piece of development heretofore never attempted south of Colorado.

BIG SPRING HAS A HOME BUILDING BOOM

Telephone Building, Damaged by Fire, Is Being Prepared.

Big Springs, Tex., July 2.—R. D. Matthews has let the contract for the erection of three large residences in the eastern part of the city.

A move is on foot to start up the crummy again. Work is being rushed on the reopening of the telephone office, which was put out of business on account of the fire.

A brick building 25x50 feet has been erected just north of the Big Spring Ice and Manufacturing company, which will be used by the company for a machine shop and storage room.

CANTALOUPE ARE SCARCE IN LOCAL MARKETS NOW.

Cantaloupes temporarily retired from circulation Monday. Local markets were not offering cantaloupes for the reason that there were no good ones to be bought. The Imperial valley melon season seemed to have struck a knot for a few days, although trainloads of cars continue to go through El Paso for the east. The valley melons, the finest in the country, will soon be in and El Paso will no longer be dependent upon the California valley variety.

RICHARDSON RETURNS; RECEIVED BUT FEW CLAIMS

D. A. Richardson, who has been conducting the hearings for Mexico in the claim cases arising from the battle of Juarez, has returned to his home in Douglas. Only a few of the local attorneys presented their claims before Richardson, preferring to present them through the state department at Washington.
